Message to CRAs

From Dr. Neelam Saba

Welcome to the 4 new CRAs that have joined our team internationally.

Please remember to try and re-consent, where possible, so that F-U data can be collected in accordance to indefinite F-U as per amendment 3

Thank you for all the hard work in addressing the monitoring queries.

Please let us take this chance to introduce Carlos Martinelly who has joined the core team. He will be monitoring the data and will be in touch soon with further queries.
